

TEST REPORT

(QUALITY ANALYSIS REPORT)

This is to record the test results obtained for the following sample of

BIOMASS PELLETS

Report No.	KI/QA/2026-10/12	Report Date	12/10/2026
Sample Description	Biomass Pellets	Sample Condition	As Received
Sampling By	Kailash Industries	Sample Quantity	As Received
Date of Sampling	12/10/2026	Sample Source	Production Sample
Date of Testing	12/10/2026		

TEST RESULTS				
S. No.	PARAMETER	RESULT	UNIT	TEST METHOD
1.	Gross Calorific Value (GCV)	4461	kcal/kg	IS 1350 (Part I)
2.	Moisture (as received)	3.119	%	IS 1350 (Part II)
3.	Ash (Average)	1.61	%	IS 1350 (Part I)

QUALITY STATEMENT
The tested biomass pellet sample recorded a gross calorific value of 4461 kcal/kg, moisture of 3.119%, and average ash content of 1.61%. Results relate only to the sample tested.

- Notes:**
- The results relate only to the sample tested.
 - This report shall not be reproduced except in full without written approval of Kailash Industries.
 - Store in dry condition to maintain quality.
